

CHICAGOLAND

May 2018 Chapter Meeting

Systems Engineering for FIRST Robotics

Combining the excitement of sport with the rigors of science and technology. *FIRST* Robotics Competition is the ultimate Sport for the Mind. High-school student participants call it "the hardest fun you'll ever have."

Under strict rules, limited resources, and an intense six-week time limit, teams of students are challenged to raise funds, design a team "brand," hone teamwork skills, and build and program industrial-size robots to play a difficult field game against like-minded competitors. It's as close to real-world engineering as a student can get. Volunteer professional mentors lend their time and talents to guide each team. Each season ends with an exciting *FIRST* Championship.

Thursday, May 17

6:00 – 6:30 pm – Dinner & Networking

6:30 – 6:45 pm – Intros & Announcements

6:45 – 8:00 pm – Presentation and Q&A

FIRST®

Presenter Location: Remote

Attend / Network at a physical site or attend online
